

APA Format References Page

This guide is intended as a quick reference to citing in a reference list some of the most common types of materials in the American Psychological Association publication format. For in-text citations, consult the Publication Manual of the American Psychological Association (BF 76.7 .P83 2001, Watson Reference Desk and Anschutz Ready Reference Collection) directly. NOTE: Hanging indents (the second line is indented) are acceptable even though first-line indents are shown in the most recent edition of the manual. *Check with your instructor to learn more about the citation style required for your course or discipline.*
